Arrest of Supposed Forgers

For some months past forged $100 notes and circular letters of credit of the Union Bank of London have been uttered in various continental cities of Europe, in New York Canada and western cities A man giving the name of W G Fleesman was not long ago arrested in New York for attempting to pass some of the notes. Evidently the business has been worked by a gang of sharpers About the time of Fleesman's arrest, another party passed similar notes on Thos Kirkpatrick jeweler Broadway, New York He made his escape and subsequently turned up in St Louis where he played the same game He was accompanied by a very beautiful red haired woman to whom he was married while in St Louis He represented himself there as an Englishman of noble family He again eluded the detectives and next turned up at Denver. Telegrams were sent to the police authorities here to look out for the pair A short time ago a man giving the name of G Saville took quarters at the Baldwin hotel He became acquainted with E J Baldwin and finally made arrangements for the latter to buy mining stocks for him to the amount of about $50 000 In accordance with the agreement Baldwin purchased some Sierra Nevada Union and Mexican amounting to $ 5 000 Saville assigned to him as security a circular letter of credit on the Union bank of London, covering a large amount. Baldwin took the letter to the Bank of California Communication was opened with the Union bank by telegraph, and the letter pronounced a forgery Meantime Saville left the Baldwin hotel and took rooms down town Saturday he was arrested in Oakland charged with the forgery of the letter signed to Baldwin and also with being the same person who perpetrated similar swindles at New York St Louis and various other places The officers here have been to some extent misled by the fact that Saville came here alone the red headed woman having been left at Denver He denies his identity with the person who operated in New York St Louis etc

The City will Defend

The board resolved that the city should defend suits against the mayor, police judge and other city officials by J G Day labor agitator claiming damages for imprisonment last year

Somewhat "Attenuated"

Saville arrested for forging notes on the bank of London has made a long written statement the general tenor of which is that he is the wronged man that he knew nothing about the notes and letters being forged; that he never personated an titled Englishman and never married a red headed woman in St Louis though he had lived with her for a while after which she eloped to the Scandinavian shores of a supposed Count and left the prisoner out in the cold He says that his name is William Grim, of Turners Corners England, and that he was in the employ of his brother a timber merchant of the town and left there last January on account of a love affair of his career is not very lucid On the whole his story is rather attenuated and there is no reasonable doubt that he is the person for whom eastern detectives have been looking

Baker *Democrat* The telegraph line between Boise Baker and Union is defunct and will scarce be revived unless it should pass into hands of government for military purposes (of which there is a faint probability) as nothing is done by citizens of this and Union county toward its maintenance

Jacksonville *Times* The Squaw Lake Ditch Company are making large inroads into their gravel beds It is conceded by all who have lately visited the mine that they are washing more cubic yards of gravel per day than has been washed in the same number of years anywhere in this section of country before Everything works like clockwork Their fine water privilege with 250 feet pressure and handsome dump are all pressed into full service

THE SENTENCE OF DEATH

On Saturday last the following sentence was pronounced by Judge Harding upon J D Whitney at Salem convicted of the murder of Oliver Hibert in August last

John D Whitney you will, rise to your feet You have been tried and by a jury of your countrymen found guilty of the crime of murder and this is the time heretofore appointed for pronouncing judgment upon you

What if anything, have you to say why the court shall no now proceed to pronounce the judgment which the law directs to be given?

I have nothing to say at this time

Of the crime of which you are convicted but one opinion can be entertained Every circumstance shows it to have been maturely planned and committed deliberately maliciously and it cold blood Oliver Hibert was peacably traveling on the public highway without arms or means of defense in broad daylight when some person lying in wait concealed from his view and from behind his back fired a fatal shot that caused instant death Though death was instant perhaps relieves the mind to some degree of barbarity by enabling the perpetrator to no credit

Of that crime unrelieved by a single palliating circumstance you have after a fair and impartial trial in which you had the faithful assistance of learned and able counsel a jury of your country have found you guilty The truth of that finding I am not now permitted to question even if I were disposed to do so I must accept your guilt as a fact and so will the world As this judgment will determin the number of your days I advise you to abandon all hope of life here and prepare for another life that will endure for ever and for that reason and prepare yourself for a life in the future which I sincerely and earnestly hope may be better and happier than that you have lived in this world Give your thoughts to repentance and preparation to judge no vain hopes of escape pardon or reprieve Your end rapidly approaches prepare to meet it The law declares and the judgment of the court is that you be taken hence and securely confined in the jail of the county of Marion until the 17th of January 1879 and that on the said 17th day of January 1879 between the hours of 10 o'clock A M and 3 o'clock P M of said day you be taken from thence to the place of the jail of said county in which you are to be confined and then and there in the presence of twelve bona fide electors of said county, you be hanged by the neck until you are dead

The House Greenbackers not Wanted.

[From the New York Tribune.]

The Republican party is stronger without these greenbackers than with them We can afford to have the Democrats control the next house but we cannot afford to control it ourselves by the aid of men whose only political principle is at warfare with everything we believe and then go saddled with their fatal friendship into the presidential campaign of 1880 We won this year largely because we made a square honest fight for hard money We hope to win in 1880 by equal manliness, and singleness of purpose and unless the greenbackers come to us on our terms which are conversion and change of life, we don want them at all and prefer not to delude ourselves by counting them

The "Oregonian"

[From the Dallas Itemizer.]

This invaluable journal always finds its way to our sanctum and we confess that without its regular visits we could hardly get a history of the events transpiring in the outside world; We notice that several small fry have become incensed because their names are not on its exchange list and commenced barraging at THE OREGONIAN and its course The conclusion however that its course is endorsed by the masses which is attested by the fact that its circulates in every village and hamlet in the land will encourage that paper to persevere in its course of independence despite the chagrin made at it by those it pulls on its popularity

The Congregationalists the Presbyterians the Baptists and the Episcopalians of central New York are taking action antagonistic to the Oneida community

The Daily Oregonian.

TUESDAY MORNING, NOV 25

CENTRALIZED INDUSTRY

A few days ago we presented some observations on the causes which have thus far prevented any considerable development of manufacturing industry in Oregon Briefly the principal causes he in the fact that great manufacturing establishments ha e superseded small ones The latter cannot operate with profit against the competition and with us there is as yet no great market to call for extensive factories running continually on special lines The whole tendency of modern industry is however in this direction and small factories of capacity for our market's cannot turn out commodities with profit and hold the field against goods produced more cheaply elsewhere on the great factory system We recur to this matter now for the sake of noting a further illustration afforded in an article published in the last number of the *International Review* The general purpose of the writer is to show the effect on the industry of the United States resulting from the great changes which manufacturing processes in late years have undergone Labor saving machinery the cost of which only capital can afford creates great establishments which do the work that before was done by handicraftsmen The writer says The abolition of small industries which once flourished and the substitution of the factory system, carried on by great capital and the vast power of machinery have founded a new era in industrial economy Beyond doubt in many of its features and consequences it is bad for the masses, because it renders them more and more dependent The system reaches further than the individuals who are in the midst of it. It annihilates or prevents the development of small independent industries in distant and small communities like ours This is the philosophy of the importation of long lines of goods in every branch of trade among us and the almost total absence of everything like manufacturing enterprise in our midst But on the other hand there are corresponding advantages In our own case one of them is found in the fact that we get these commodities for less than we could produce them for ourselves, and thus are left to those employments which are most profitable to our situation Yet to this there is again the corresponding drawback that we are prevented from developing that mixed system of industry which alone can be largely profitable to any community

GREENBACKS FOR BANK NOTES

Nothing is more certain than that the national bank system will be preserved, or that if it be discontinued an irregular system of state banking like that with which the country has had experience heretofore, will take its place If the country prefer this latter system, then let the national bank circulation be retired and the business of the banks wound up. It is not probable however, that the lax and irresponsible state bank system will be thought of with much favor Insist on retiring the national bank circulation if you will, but don t inflate the government currency any further and put off resumption, by issuing an equal amount or any amount, of greenback notes in their place Even more absurd is the proposition to pay with greenbacks the bonds held as security for bank circulation Why propose to deal thus with these bonds rather than any others? Why offer the national bankers greenbacks for their bonds except that you expect those greenbacks to be worth less than gold, and hope to effect a swindle by the transaction? The proposition is tantamount to a confession that the measure of inflation proposed is expected to depreciate the currency But of course government can pay no part of its bonds with greenbacks It would not be payment, but only substitution of one form of debt for another—a bond bearing interest for a note bearing no interest

If the country thinks it dangerous to allow the national banks to issue notes then let their notes be retired. But if it is dangerous to permit the issue of bank notes which are secured by a deposit of bonds under control of the government, how much more dangerous is the concentration of power in the national treasury to issue notes without other limit than the varying opinions of financial doctors in congress, and without security whatever for their ultimate redemption? But the government cannot constitutionally issue the three hundred and twenty million dollars of greenback notes called for by this programme. That much is settled It may require the national bank circulation to be retired, and diminish by that amount the currency volume of the country, but it cannot issue greenbacks in their room.

THE FISHERY COMPLICATIONS

A correspondent of the New York *World* writing from Halifax says there is a deep-seated dislike and opposition to the treaty of Washington, so far as it refers to the fisheries question, in the maratime provinces of Canada. For two years past the colonists have been agitating against the treaty The colonial legislature passed it in haste and without studying the probable results, but it has never been popular with the fishing interests It is even said that the Fortune bay outrage was deliberately contrived in order to precipitate a misunderstanding in the hope of bringing the treaty to an end. The local fisheries have a long series of complaints against the Americans but the real cause of discontent seems to be that the latter are outstripping the former on their own ground The colonists are not an enterprising race and are wretchedly furnished with modern improved methods of taking fish It is said that a Gloucester schooner catches more fish in a week than the average Newfoundland lugger takes in a whole season and the foreigners are rapidly driving the home fishermen out of the business Of course this is not to be borne, and quiet agitation for the repeal of the treaty which admits the interlopers is constant The colonial legislature can originate no action in the matter hence its only course is to intrigue so as to bring on a rupture between the United States and Great Britain which shall terminate the unwelcome privileges

Some days ago the New York *Tribune* in an article which referred to the coming of frosts and abatement for the present season of yellow fever in the south, said Now that it is all over, it will not do for us to sit down bemoaning it as a visitation of God and rejoicing in our own creditable behavior in meeting it A meeting of devout men a week or two ago besought the president to appoint a day of fasting and prayer to allay the anger of an offended God who was punishing us for some unknown sin The sin for which we were punished was bad drainage and accumulation of filth From this the *Tribune* argues properly that every exertion must be made to prevent return of the fever next year Which observations we commend to those who could see nothing but rank and wicked infidelity in similar views presented by THE OREGONIAN not long ago It is a totally false idea of religious duty which requires man to abdicate in any emergency the reason he must exercise in all things or pay the penalty of his unfaithfulness to universal and immutable laws

A dispatch from Ottawa says that the Dominion government has authorized its finance minister to press upon the notice of the queen's cabinet the importance of aiding the Canada Pacific Railway with a grant of 30 000 000 on the ground that the work is one of imperial concern It is understood that Lord Beaconsfield is disposed to help the undertaking under certain conditions one being that the amount contributed by Great Britain shall be employed west of the Rocky mountains

When the editor of the Salem *Statesman* says that THE OREGONIAN had money out of Tilden s bar l the untruth is worthy of one from whose reputation the Tilden agents appear to have had no hesitation in taking it for granted that $5 000 would get an elector and thereby secure the presidency of the United States The *Tribune s* analysis of the cipher dispatches has shown by what means the money was delayed and only reached Oregon after the play was over

A new Episcopal paper, *The Living Church* has been started in Chicago It is conducted by the Rev Dr Samuel S Harris of Chicago and Rev Dr John Fulton of Milwaukee and is intended to show that strong and definite convictions are not incompatible with a large minded tolerant and comprehensive churchmanship

The vote of Dakota territory now exceeds 18 000 as against 8 000 two years ago It will soon be more populous than Oregon simply because it has railway communication

It is said the *Daily Record* flat organ of Salem has suspended Why didn t it make a little of the flat and go ahead?

TUESDAY MORNING, NOV. 26, 1878.

CITY.

REAL ESTATE PURCHASED.—After a long and tedious but unavoidable delay of over 12 months in *clearing the title*, the Portland Seaman's Friend Society purchased lots 1 and 2 in block 27, Couch's Addition, corner of D and Third streets. This is a beautiful lot, 100 feet square, and was purchased of E. J. Northrop and others. It is finely located for the purpose, and it is now expected that the society will very soon erect these promised buildings.

"OULD IRELAND"—Mr. W. H. Courtney, the well known stone mason, who has been a resident of the city for a number of years, is a passenger on the outgoing steamer, on an absence of 23 years Mr. Courtney will visit his friends in Massachusetts. Before his return to Wexford, Mr. Courtney will make a short run over to "Ould Ireland"—the scenes of his childhood. He expects to be absent about four months.

ARRIVAL.—Yesterday afternoon the engine purchased by the city for No. 5 was tested and formally accepted by the chief engineer and the committee on fire and water. The engine was taken to the corner of Stark and Fourth, and the fuel being of a poor quality the test was got down to her work, but upon being removed to Morrison and Third she made the respectable record of 225 feet from a 1¼ inch nozzle.

NOT A CANDIDATE.—Mr. W. H. Cummings, whose name has been mentioned in connection with the office of chief engineer of the Portland Fire Department, called at this office last evening and desired us to state that he is not a candidate for that position, and under no circumstances will he allow his name to be used.

SHIPPING.—The following shipping news was received here from Astoria yesterday: Arrived, British bark *Martha Fisher*, Auckland; British ship *Europa*, Bombay; British bark *Celestial Empire*, Bombay; barkentine *Monadnock*, San Francisco. Arrived—24th, British bark *Mona Bay*, South America.

THANKSGIVING SERVICES.—The people of St. Jude will appropriately observe Thanksgiving Day by service and a sumptuous dinner. Preparations are being made to have a good time, and all are invited to take part.

FIRE ALARM.—Last evening an alarm of fire was struck from box No. 16, which brought out the department in less time than it requires to tell it. It was the old business of "defective flue." No damage done.

SALE.—The ball of Willamette Tribe, I. O. O. F., will take place Wednesday evening, not Thursday, as stated Saturday.

MILITARY NOTES.

Lieutenant Thomas W. Stone, 21st infantry, has ordered from Camp at Fort Townsend, W. T., and is expected to report, without delay, for duty with his company.

The instructions under which 1st Lieut. Joseph H. Duncan, 21st infantry, performed the duties of acting assistant quartermaster at the temporary depot at Baker City, Oregon, from August 13th to December 31st, inclusive, current year, and for which period he is entitled to commutation of quarters, are confirmed.

The instructions under which 1st Lieutenant Joseph H. Hirst, 12th infantry, performed the duties of acting commissary of subsistence, at the temporary depot at Baker City, Oregon, from August 15th to Oct. 15th, inclusive, current year, and for which period he is entitled to commutation of rations, are confirmed.

Assistant Surgeon William G. Spencer is relieved from duty at Fort Townsend, W. T., and will report in person without delay for duty at Fort Stevens, Oregon, to relieve Assistant Surgeon John H. Barnett, who, upon being relieved will proceed to comply with paragraph 6, special orders No. 285, adjutant-general's office, current series.

A general court-martial will convene at Fort Townsend, W. T., on Monday, December 2, 1878, at 10 o'clock A. M., for the trial of such persons as may be properly brought before it. Detail for the court: Major Edward C. Mason, 21st infantry; Capt. Frank Kearney, 21st infantry; Captain Robert Pollock, 21st infantry; 1st Lieut. George W. Evans, 21st infantry; 1st Lieut. Edward B. Rheem, 21st infantry; 1st Lieut. Edward S. Farrow, 21st infantry; 2d Lieut. Charles H. Bonesteel, 21st infantry, judge advocate of the court.

THE GOSPEL MASS MEETINGS

held last night at the Taylor street M. E. church were attended by an immense crowd. The audience was packed densely packed at the hour for opening services, and it was necessary to hold an overflow meeting in the vestry.

Rev. J. H. Acton had charge of the services in the audience room. Dr. Lindsley preached a very interesting impressive sermon. Rev. Acton followed in a telling exhortation, which was accompanied with an inquiry meeting of much interest.

The overflow meeting filled the large vestry. Rev. A. Cruzan had charge of the services and conducted in his usual direct and pointed manner on "The Difficulties which Men put in the way to the Cross." Rev. Mr. Judy, of Vancouver, followed in some remarks and Christian ministers made a very able exhortation. After the dismission a very largely attended and interesting inquiry meeting was held.

In both congregations there was a solemn stillness and a marked depth of feeling. Evidently Portland is about to be visited with a general religious quickening and interest. The meetings so far have been marked with an utter absence of that wild excitement which characterizes the work of some professed evangelists. *There is* an intense earnestness and a common-sense presentiment of religion as based on principles instead of mere feeling, which is very gratifying.

The meetings will be continued this week.

INDIANS CAPTURED.

GEN. DOYLE MAKES A RAID AFTER A HOSTILE BAND AND BRINGS THEM TO VANCOUVER.

[SPECIAL DISPATCH TO THE OREGONIAN.]

VANCOUVER, W. T., Nov. 25.

Ley Wam Spring Indians left the Umatilla reservation last week, and the whites, fearing trouble, sent about raising a force to fight them. Gen. Howard dispatched one company of mounted infantry after them under command of Capt. Doyle. He surprised the Indians on Lake river, capturing them all. The women and children were sent back to the reservation and the men were brought down to Fort Vancouver with the steamer, arriving to-day. Much credit is due to Capt. Doyle for the success of his undertaking.

BUSINESS NOTICES.

An invoice of desirable paintings, chromos and engravings to be sold at Kilbourn's this morning.

Lunch Rooms—Hulett at the Washington House, corner Washington and Fourth street, constantly on hand fine, fat turkeys and every variety of game. Give them a call.

The Modern Dorse has a splendid reputation and Yarn will keep it.

The only cloak house in the city is Harris' Emporium of Fashion.

LADIES' FAIR.

The annual fair of the ladies of the Catholic Church commenced last night in the Red Men's Hall in fickmen's building on First street between Stark and Washington, and will continue during each evening of the current week. The ladies wish to do something to aid in completing the handsome cathedral now in process of construction, and the fair is given to raise a fund for that purpose. For several weeks they have been preparing fancy work, and soliciting donations from their merchant friends, and the result is a large collection of rarely beautiful and useful articles. The doors were thrown open at half-past seven last night, and in a short time the hall was crowded. Table No. 1 on the right, as you enter, is in charge of Mrs. John Kelley, Mrs. Zan and Mrs. Petrain. Its contents are a swinging silver water pitcher, with gold lined goblets and slop bowl, of massive silver and of an elegant and fashionable pattern, a handsome sofa, figures in wax of "Romeo and Juliet," a beautiful clock, a mirror, bronze statuary and more than a hundred pieces of ladies' fancy work. Table No. 2, in charge of Mrs. W. H. Rodgers, Mrs. P. S. Williams and Mrs. John Brady, contains a full China tea set of a handsomely ornamental pattern, some elaborate pillow shams and mats, a basket of wax fruit as "natural as life," and fancy goods both "bought and made" by the ladies. The next table, No. 3, kept by Mrs. J. O'Neil, Mrs. Lewiston and Mrs. Healey, is furnished with an ornamental China set, some fine pieces of silver ware, a pair of handsome miniature ships, several fine pictures, an easy chair and a great many other handsome and useful things. Fourth table, presided over by Mrs. Malarky, Mrs. D. Kelly and Mrs. Carroll, has a solid silver service, an oil painting by Parrott, lace curtains, worsted and feather work, two sewing machines and numerous smaller articles. The postoffice, which slights nobody, is under the management of Miss Lizzie Smith, Miss Maggie Gorman and Miss Emma O'Connor; and the candy stand, which is well loaded with sweet goodies, is in charge of Miss Lindy Manclet and Miss Kettie Herman. The refreshment stand, which is provided with good things for the palate in hearty abundance, is kept by Miss Cashen and Miss Maggie Nyhan.

During the entire evening the St. Michael's college band discoursed pleasing airs, which added equally to the general enjoyment. The receipts were very good last evening, and an increase of interest and patronage is naturally expected to-night.

BETHEL SERVICES.

A steadily increasing interest in these services justifies especial mention. One captain estimated that there were 300 persons present, including a large number of ladies, shipmasters and seamen. Ample preparation had been made by Capt. Phillips and his officers for all.

The chaplain dwelt on St. Paul's words, "It is written, cursed is every one who continueth not in all things that are written in the book of the law to do them."

Dr. G. H. Atkinson followed, commenting lucidly on the same writer's words, "Christ was made a curse for us," &c.

The vessel's "'tween decks" were tastefully draped with flags. As the chaplain bent forward over the desk in prayer, leaning upon the "Union Jack" of Great Britain, he fervently prayed for the continuance of international amity between these two Christian empires, America and England, and reverently prayed for Victoria, the queen of Great Britain and the empress of India. On next Sabbath services are again to be held on this ship, the *Untiach*, lying at the foot of Madison street.

The wood work on the new wharf at the foot of Morrison street is all completed and nothing further remains to be done but putting on the tin roof. Tinners are already engaged in this work.

AMUSEMENTS.

STREETS OF NEW YORK.—This well known play was rendered last evening to a jammed house. As "Badger," Mr. Mayo fully realized the high expectations entertained by this public. He was "Badger" to perfection—coo, quiet, reserved, insolent and defiant in turn as the situation seemed to demand. Every piece of stage business is elaborated and worked up with admirable skill and with fine dramatic effect. His efforts met with hearty appreciation and he was honored with a call before the curtain. The support could scarcely have been improved. Mr. Lindsay's "Gideon Bloodgood" was an admirable piece of acting. The other characters were allotted to competent hands. Several of the scenes were worked up effectively, especially the fire scene. Mr. Porter has painted some lovely pieces of scenery, which are most deserving works of scenic art. To night "Streets of New York" will be repeated. Do not fail to witness it. Several startling novelties are in active course of preparation.

MATINEE.—There will be a grand Thanksgiving matinee Thursday afternoon for the accommodation of ladies and little people. A good bill will be offered.

Slater of Oregon.

[From the Springfield (Ill.) Journal.]

The Hon. James H. Slater, Democratic senator elect from Oregon, has heretofore been mentioned in the *Journal* as a Sangamon county man. We are in possession of an incident in his earlier history which is somewhat romantic and will be of interest. He was the son of J. Slater, a farmer who resided about six miles from this city. In 1849, on the breaking out of the California gold excitement, young Slater, Hon. Wm. Jayne and Wm. Rockwell, of Jacksonville, formed a partnership to go to the new Eldorado. Jayne and Rockwell purchased an ox team and Slater was to drive it. Slater had no money, but if their venture turned out well, he was to pay the others for one-third the value of the team and wagon. Jayne was taken sick and did not go. Slater and Rockwell made the overland journey alone, losing one of their oxen on the way, and going down the Sacramento valley with one brindle steer drawing their old lumber wagon and camp supplies. Slater, in a few years, went to Oregon, married a southern woman, turned Democrat, and is now coming back East to fill a seat in the United States senate.

The proprietors of the Phil Sheridan mine have a large party of men at work, paying them $3 per day in stock at 15 cents per share.

DR. MINTIE'S NEPHRETICUM

Works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, are cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back, side and loin are cured, when all other medicines have failed.

See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and English Dandelion Pills.

We have sold a large amount of Dr. Mintie's medicine, the English Dandelion Pills; also the famed Nephreticum, and in all cases highly recommended. John A. Childs, druggist, Second street, Portland, Oregon; C. H. Woodard & Co., Druggists, cor. First and Alder, Portland, Oregon; Messrs. Abrams & Carroll, Druggists, No. 3 and 5 Front, San Francisco. "We regard Nephreticum as the *best* Kidney and Bladder remedy before the *Public*." All Druggists keep *them*.

For all derangements of the Liver, Use Dr. Mintie's English Dandelion Pills.

For Biliousness and Dyspepsia, Use Dr. Mintie's English Dandelion Pills.

For Fever and Ague, Use Dr. Mintie's English Dandelion Pills.

Every family should not fail to keep the Dandelion Pills on hand.

JEWELRY OPENING.

Van Beurden has recently returned from Paris, where he went as commissioner from Oregon to the exposition, bringing with him a magnificent stock of the newest designs in plain and fancy jewelry and a line of watches superior to any in this market. Mr. Van Beurden has opened a suit of show rooms in Cluthe's building, No. 102 First street, up-stairs, and will be happy to have the public inspect his stock and learn his prices.

AN IMPORTANT DECISION.

Chief Justice Waite yesterday rendered the unanimous decision of the supreme court of the United States in the case of Harlow Barney, appellant, vs. J. N. Delph, respondent, appealed from the supreme court of the state of Oregon.

The federal question presented by the appeal was whether upon the death of a wife of a married settler, under section 1 of the donation law, who has completed the residence and cultivation required by the act and made proof thereof, the estate and interest of the wife ceases and the settler is vested by said section in the surviving husband and children in equal parts, unaffected by a conveyance of the same duly executed by her after the completion of residence and cultivation and final proof made, or whether after such completion of residence and cultivation and making of final proof, she cannot, by a duly executed deed, convey in fee simple her portion of the donation, although she might die before the issuing of the patent. The state circuit and supreme courts held that she could so convey the fee simple title before patent issued, and the supreme court of the United States affirms this decision. So the question may be considered finally and authoritatively determined, and a large class of land owners of Oregon holding under such conveyances may consider their titles quieted.

The case was argued in the supreme court of the United States by Hon. George H. Williams for the appellant and Hon. J. H. Mitchell for the respondent.

OUR MEDICAL COLLEGE.

As will be seen by announcement in another column, the next regular course of instructions of the medical department of the Willamette University will be commenced on Monday evening, December 16th.

This department, it will be remembered, was lately transferred from Salem to this city, in order that students might have the fine advantages for clinical instruction which are here afforded.

With its removal a reorganization of the faculty was also consummated. A favorably located building has been leased (on Fourth street, formerly occupied by Vigilance H. & L. Co.), and with such men enlisted in the good work as Drs. Payton, Sharpies, Watkins, Gilsan, Harvey, Plummer, Saylor, Rex, McAfee, D. M. Jones, Richardson, Wm. Jones and the Hon. M. P. Deady, no doubt need be entertained of the standing and permanency of the medical college of the Willamette.

Medical students and old practitioners as well, who wish to brighten up for the noble work of the profession, need not now travel thousands of miles at great expense for the opportunity.

The faculty propose to establish and continue a dispensary at the college, at which persons of limited means may have the benefit of gratuitous treatment, holding these clinics on the afternoon of every Wednesday and Saturday throughout the terms.

Blemishes that Disfigure

The teeth are speedily removed by SOZODONT, the great purifying and beautifying agent. The gums are made rosy and healthy by its use, and that mortifying defect, an unpleasant breath, is completely remedied by it. It is the King of dentrifices.

MODERN MIRACLES.

Dr. C. M. Wood, the well-known healer, returns to his practice in Portland, after a rest of six months. His great cures of men, women and children, some of which were published in THE DAILY and WEEKLY OREGONIAN during last winter, has brought hundreds of letters from anxious sufferers, desiring information as to the permanency of his cures. In order to satisfy those desiring such information, he will publish from time to time through THE OREGONIAN the original certificates of cures, and when possible, to communicate with such patients, a certificate of their present condition. $1,000 forfeited if every cure he has ever published was not genuine as stated.

Dr. Wood

Will heal the sick of chronic diseases, at corner of Washington and Front street, Portland. All curable diseases successfully treated when every other method fails. Dr. Wood cures by animal magnetism, and can point to the most wonderful cures ever performed by this method. *No medicine, no surgical instruments*—no pain whatever.

Cure of Dyspepsia and Chronic Diarrhœa.

For the benefit of suffering humanity I deem it my imperative duty to make known to the public what has been done for me by Dr. C. M. Wood. Having been subject to dyspepsia for some 12 or 14 years, and continuing to grow worse until about four months ago, when it ran into chronic diarrhœa, and assumed a very dangerous condition—so much so that I found I would be compelled to stop my duties or find some relief, and having seen one of Dr. Wood's circulars, I concluded to consult him and finally to be treated by him for one month, the result of which I give in a few words: I feel that I am as sound as I ever have been, and that so far as my disease is concerned, I am perfectly cured. JOHN R. CURRY,
Mailing Clerk, Oregonian Office.

PORTLAND, Oct. 31, 1878.

This is to certify that the above diseases, for which Dr. Wood treated me nearly one year ago, have never returned, and are as well to day as when the above certificate was written.

JOHN R. CURRY,
Mailing Clerk of THE OREGONIAN.

Dr. Wood cures the following diseases: Chronic Liver Complaint; Disease of the Kidneys; Dyspepsia; Indigestion; Spinal Complaints; Pains in Side, Back, Shoulders, Hips and Chest; Headache; Neuralgia; Heart Disease; Rheumatism; Chronic and Acute Female Diseases and Irregularities; Sore and Weak Eyes; Deafness; Ringing in the head; Bronchial Affections; Chronic Catarrh, and General Debility, caused by any of the above afflictions, at his rooms, southeast corner of Washington and Front streets, over O'Connor's store, upstairs.

An Undeniable Truth.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault, and there is only one excuse for you—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning will soon show you that Green's August Flower will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual costiveness, dizziness of head, nervous prostration, low spirits, etc. Its sales now reach every town on the Western Continent, and not a Druggist but will tell you of its wonderful cures. You can buy a sample bottle for ten cents. Three doses will relieve you.

Dr. La Mar's Seminal Pills cure all cases of Semina. Weakness, Loss of Vigor, Nocturnal Emissions, Impotency, Nervous and Physical Debility, and all that class of complaints arising from Excess, Indiscretion or Abuse. The old find in this remedy A FOUNTAIN OF YOUTH, and the young a safeguard and protection. Dr. La Mar's SEMINAL PILLS restore the sexual Organs, debilitated from whatever cause, to their pristine vigor. Price, $2 50 per bottle. Sent C. O. D. by express to any address secure from observation. Address all orders to A. MCKYLE & CO., Druggists, P. O. Box 1,952, San Francisco.

Monetary matters are not changed essentially from the condition of ease and quiet noticed heretofore for several weeks. Rates on loans and discount on first class paper remain at 10 per cent. per annum to 1 per cent per month, the latter being the rule on all accommodation loans, and the former granted on yearly transactions, on considerable sums.

The prospect of a war in Europe seems to give the wheat market a somewhat firmer tone abroad, but the local trade to-day has developed nothing new in prices here. There are considerable orders in this market from San Francisco, and owing to the low steamer freights, vessels for the direct voyage to Europe are filling up a little slowly. But the local market is doubtless kept nearer to San Francisco figures by these circumstances than it would otherwise be. There are now quite a number of vessels in the river, some under charter and others seeking, while three or four will probably load on owner's account. Holders of wheat are generally disinclined to sell, except at an advance on last quotations, but we have been unable to find buyers willing to pay more except for very choice lots, or to complete cargoes.

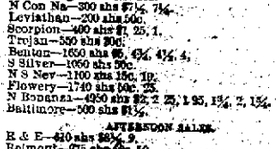
REWARD.

$500 REWARD WILL BE PAID TO ANY one who has ever applied to me for a cure and failed in being restored to permanent health; also, the above reward will be paid to any one who will present a case that I will not cure. Sum up courage and come to see me, for I cure



All sickness and disease of whatsoever name or nature, without medicine, except where it is actually required. The following are a few of the diseases that yield to my wonderful powers: Chronic Catarrh, Bronchitis, Asthma, Consumption, Female Complaints, Dyspepsia, Rheumatism, Scrofula, Cancers, Tumors, Diseases of the Urinary and Genital Organs, Kidneys, Heart, Liver, and all Chronic Diseases that baffle the skill of other physicians.

I am willing to forfeit $500 for any case of seminal weakness, loss of vigor, or any private disease of either sex, brought on by indiscretion or any other cause, that I fail to cure within three weeks, without interruption to business.

DR. D. H. McLENNAN.

Parties at a distance may address me by letter, free of charge.

Office and residence over Sol's Restaurant, Washington street, between Second and Third. Parlors 6, 7, 8 and 10. Office hours from 9 A.M. to 4 P.M.

DR. McLENNAN.

His Wonderful Success

IN THE TREATMENT OF ALL

Chronic and Secret Diseases.

He has astonished the People of this Coast by his skillful Operations.

HE HAS TAUGHT IN HIS

public and private lectures the true principles of health and life to both male and female. He has also warned them against habits that would be likely to produce disease in plain and comprehensive language. But where he has found them crushed and broken down by disease, mentally and physically, he has restored them to health and happiness, for it is well understood that without health there can be no happiness.

DR. BRENAN

has made a specialty in the treatment of the following diseases: Catarrh, Bronchitis, and all diseases of the throat and chest, by an entirely new system only known to himself. Diseases of the Kidneys and Urinary Organs, including Spermatorrhœa, Seminal Weakness or premature loss of Manhood. In the treatment of these diseases he has made a world wide reputation by his astonishing success, not only on this Coast but throughout the whole United States. Diseases of the stomach, bowels, liver and kidneys as well as all diseases of the blood and skin he has become master of, and never fails to give relief at once, and permanently cures the case if he is applied to in time.

THE DOCTOR HAS GIVEN SPECIAL LECTURES

to ladies only for years and is perfectly familiar with all female complaints, and understands their delicate and refined organization, as well as the proper remedies which should be used to allay their suffering and restore them to perfect health.

THE DOCTOR HAS THIS ADVANTAGE over most physicians—he can tell the patients' disease the moment he comes in contact with them without any aid from the individual. This accounts in part for his great professional success.

All surgical operations can be performed by his skillful hand, and the patient need not fear the result.

DR. BRENAN

will send to those living at a distance and who cannot well visit his office a list of Printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment almost as well as seeing the patients personally, and will forward the proper medicines, or instruments, to any part of the country with full instructions and advice. Each letter requiring advice or list of questions, must contain two postage stamps.

Everything strictly confidential and honorable.

THE DOCTOR

has studied in the best Medical Schools in Europe and three years in the Jefferson Medical College at Philadelphia, as more than one of the Medical men of the Medical Faculty in this State can testify.

CAUTION.

Persons coming to Portland, requiring medical treatment of the proper kind, who desire to consult with me, will please beware of persons who may try to coax them away to other so-called Doctors, through pretended friendship for the patients. Look out for them: they are knaves, prompted by selfish motives and what they can make. Be sure and call on DR. PAT. M. BRENAN, the *Medical Lecturer*, and read his sign on his door.
